THE
MCNELLIE'S GROUP

BLUE DOME CRITERIUM DETAILS
FRIDAY, June 5, 2026

Formed in 2004, the McNellies Restaurant Group owns and operates multiple restaurant concepts in locations throughout Oklahoma and Arkansas, caters the Roxeltec VIP hospitality party, and provides post-ride meals for all the AAON fondo finishers.

All Friday events take place in the Blue Dome District in downtown Tulsa, centered at the corner of Third Street and Elgin Avenue. Races will start and finish on 3rd Street, East of Elgin heading West. Enjoy dinner at one of several restaurants on the route. And you won't go thirsty. The course passes nearly every bar and restaurant in the Blue Dome District. Come early and stay for all the races!

Course Description

- The clockwise course design is an elongated figure eight with eight corners. From the start line, racers head one half block West and make a right turn onto Elgin. The racers will then make a downhill left and then three right turns (a little down and up) and then a left to come back on Second Street going East. After a two block straight-a-way, you will make two right handers and you are on the finishing straight: 165 meters to an uphill finish line. The course is .7 miles (1.1 k) long with 25 feet of elevation gained per lap.

[See attached map.](#)

- Staging corral is located on the South side of Third Street on the finishing stretch, 70 meters before the finish line.
- The State Cycling Wheels neutral wheel pit is located after turn one of the course on the right side of Elgin close to Third Street. If you put wheels in the pit, they must be removed immediately after your race.
- There will be a break in the center walk to allow racers to "cut" the course to get to the pit.
- Results will be posted after each event online at <http://www.tulsatough.com>.
- Riders must submit protests to the Chief Judge within 15-minutes of the time the results were posted.

**FC TULSA**

ARTS DISTRICT CRITERIUM DETAILS

SATURDAY, June 6, 2026

Founded in 2015 as the Tulsa Roughnecks, FC, and relaunched in 2020, FC Tulsa is Oklahoma's premier professional soccer club that plays in the USL Championship, the second division of U.S. Soccer.

All events will be staged in the Tulsa Arts District located at Main Street and Reconciliation Way in downtown Tulsa. Previously a warehouse district, many of the buildings have been rehabilitated into art studios, restaurants and bars. Enjoy lunch or dinner at any of these restaurants along the route and then step outside and stroll to Guthrie Green to watch the speed and competition of the races.

Course Description

- The counterclockwise course is L-shaped and begins on Reconciliation Way at Boston Avenue heading East. After one block, racers make two quick left turns to head West on Cameron. Two flat blocks later, the racers will make a right turn (Cameron is very narrow at this point) onto a wide Main Street and glide uphill past the historic Cain's Ballroom. At the top, a left turn onto the narrow Easton Street to another left turn will lead the racers to a three-block downhill stretch passing by the Brady Theater. The last corner has been described as "the fastest last corner in America". It is a downhill left turn onto a long flat two block finishing stretch (220m) that sets up for a great drag race to the line. The course is 0.84 miles (1.4 k) long with about 33 feet of elevation gain per lap. [See attached map.](#)
- The staging corral is located on the South side of Reconciliation Way on the finish line stretch about 50 meters before the finish line.
- The State Cycling Wheels neutral wheel pit is located before the finish line at Main Street and Reconciliation Way on the left (N) side of the course. If you put wheels in the pit, they must be removed immediately after your race.
- Results will be posted after each event online at <http://www.tulsatough.com>.
- Riders must submit protests to the Chief Judge within 15-minutes of the time the results were posted.

RIVER PARKS CRITERIUM DETAILS

SUNDAY, June 7, 2026

Tulsa-based McElroy Manufacturing is recognized world wide as the most reliable, efficient, rugged and technically advanced pipe fusion company in the world.

All River Parks events are staged from Riverside Drive and Houston Avenue. The winners of Sunday's criterium will prove themselves to be Tulsa Tough! The race takes place in the beautiful River Parks and the Riverview Neighborhood. Area residents will be out in force to cheer racers as they face the challenges of the course and their competition. The crowd on Cry Baby Hill (13th & Lawton) always has something special in store. Don't miss the action here!

Course Description

- The clockwise course starts with racers starting North on Riverside Drive along River Parks and the Arkansas River. At Lawton Avenue, the course makes a right turn up a short, sharp incline that is lined with townhouses. After 150 meters, racers will make another right turn onto 13th Street (Crybaby Hill) and continue up through residents and townhomes and huge crowds. After a dip and another short climb, the course turns right onto Galveston Avenue and begins the McBirney Descent with a sharp right turn (120 degree) at the bottom. It is then 'off to the races' to the finish line (195m) on Riverside Drive. (All riders should pre-ride the course. The 120-degree corner is challenging.) The course is .83 miles (1.3 k) long with just under 100 feet of climbing per lap. [See attached map.](#)
- The Staging Corral is on the W side of Riverside Dr. in River Parks on the finish line stretch about 70 meters before the finish line.
- The State Cycling Wheels neutral wheel pit is located just before the Start/Finish line on the left side of the course in River Parks. If you put wheels in the pit, they must be removed immediately after your race.
- Race Results and Omnium Results will be posted online at <http://www.tulsatough.com>.
- Protests must be submitted to the Chief Judge within 15-minutes of the time the results are posted. After review of all protests and updated results, all results will be final, and an awards ceremony will distribute the awards.
- Final Omnium Results will be posted Sunday evening on the website, <http://www.tulsatough.com>.
